Tortel is a little Patagonian village at the end of the world clinging to a hillside, and is unique for both its unrivalled architecture and its geographical location. We are offering you a unique opportunity to meet the inhabitants of this village, who always reserve a warm welcome for passengers from Le Boréal.

A fascinating destination where reality lives up to the legend, Puerto Natales. All the beauty of this region can be summed up in the Torres del Paine National Park. Smoothly, Le Boréal will lead you in the heart of this UNESCO Biosphere Reserve.

### FOCUS ON... USHUAIA

Capital of Argentina's Tierra del Fuego province, Ushuaia lies in a bay opening into the Beagle Channel at the country's southernmost tip. Its colourful houses are framed against towering mountains, snow-capped in winter and summer alike. Downtown, the End of the World Museum showcases Tierra del Fuego's natural and indigenous history. A ride on the heritage railway is an exciting excursion into the Tierra del Fuego National Park, while a cruise on Ushuaia Bay is the perfect way to spot sea lions and Magellanic penguins.
