### YOUR CRUISE

Tabletop icebergs, growlers, drift or pack ice... the Antarctic has its own language, which you'll soon speak fluently!

We are offering you a chance to sail through the Heart of the Peninsula who offers travellers an enchanting polar desert, a final frontier surrounded by a gigantic ice sheet. This is a fascinating journey to the heart of this remote land, Penguins live in their thousands, waddling on the shores, whilst Humpback Whales come and swim alongside ships.

PONANT is a voting Member of International Association of Antarctica Tour Operators (IAATO), organization founded in 1991 to advocate, promote and practice safe and environmentally responsible private-sector travel to the Antarctic. (iaato.org).

### FOCUS ON... PORT LOCKROY, GOUDIER ISLAND

During your cruise, you'll have the opportunity to stop over at Port Lockroy, a spectacular natural harbour nestled in the very heart of the Antarctic Peninsula on Goudier Island. Discovered by French explorer Jean-Baptiste Charcot in 1903, the site has served over the years as a stopover for whaling ships, a British military base and later a research station. The port is currently one of the most visited sites in the Antarctic, thanks to its tiny museum which allows visitors to experience the base as it was in the 1950s and to take home a souvenir from its gift shop. While you're here, don't miss the chance to send your loved ones a post card from the southernmost post office in the world!
