YOUR CRUISE

Around the Aegean sea

Cruise with Ponant on a new itinerary and discover the Aegean Sea and its many legends.

Step aboard the Le Lyrial for an 8-day cruise around Greece's most beautiful islands.

Located to the east of the Peloponnese, Hydra is an island without cars which offers a rugged charm and some spectacular scenes. This port of call will allow you to enjoy a leisurely walk through Hydra's little alleys and impressive stone houses.

You will also visit Amorgos, the easternmost Cyclades island. Wild and mountainous, Amorgos is a stunning, protected island which has been used for many things including filming *Le Grand Bleu*.

FOCUS ON... KYTHIRA

Kythira, birthplace of Aphrodite according to mythology, has inspired poets and painters. Today, it is a charming port of call at the crossroads of Greece's three seas: The Ionian, the Aegean and the Sea of Crete. From the deck of your vessel, let your gaze travel over the pine forests of the North of the island, the wild gorges in the South, and the red sandy beaches of Firi Ammos to the East. Villages of dazzling whiteness and unique architecture including Kythira, the capital, as well as the ruins at Milopotamos and Paleohora, are also worthy of a visit.
