YOUR CRUISE

Indonesia, Singapore, Malaysia and the Philippines: Set out to visit the mysterious lands of South-East Asia with this exclusive itinerary covering six countries! From Bali to Hong Kong, embark aboard L'Austral for an exceptional 17-day cruise.

- Join World War II historians James Bradley and Noriko Kawamura aboard a luxurious small ship to explore the treasures of Southeast Asia, from ancient Buddhist temples to grand mosques. Learn about the origins and the conduct of WWII in this part of the world and about the local way of life in traditional villages across Indonesia and Malaysia.
- During your port of call at Semarang, you will visit the incredible UNESCO World Heritage site of Borobudur, home to some 240 sanctuaries.
- You will also discover Bandar Seri Begawan, the capital of Brunei. The city is home to beautiful museums as well as the largest village built on stilts in the world.
- L'Austral will then chart a course towards Kota Kinabalu. Located on the Malaysian island of Borneo, the city is dominated by Mount Kinabalu, after which it is named.
- Before reaching the fascinating city of Hong Kong, you will visit Puerto Princesa and its underground river, a UNESCO World Heritage site, which weaves its way through a cave of giant stalactites and stalagmites, as well as the secret island of El Nido with its sumptuous landscape of turquoise lagoons, deserted beaches and limestone cliffs

FOCUS ON... SINGAPORE

Nicknamed the Garden City, Singapore stretches across Malaysia's southernmost region. Experience the vibrant hustle and bustle of this city-state for yourself at the Marina Bay. No too far away is the historic centre, offering up a unique smorgasbord of neoclassical buildings and contemporary towers. Decked out in topiary, the pavements of Orchard Road are also home to countless shopping centres. The colourful markets in Chinatown and Little India are the perfect opportunity to quell hunger pangs in a hawker centre, one of the city's traditional snack bars. Between the two districts, get a slice of history with a trip to the Raffles dock. It was here that Englishman Sir Raffles, the founder of the city, is said to have arrived one fateful day in January 1819.
