YOUR CRUISE

Discover a PONANT itinerary that takes in the most remarkable sights of the aptly-named "Isle of Beauty".

Blending elegance, comfort and intimacy, set sail for a Mediterranean cruise aboard *Le Ponant*, our majestic three-mast yacht.

Leaving from Nice, you will first sail towards Cargese. You will then discover Palombaggia and Roccapina, two unforgettable ports of call where you will enjoy superb fine sandy beaches with their calm, transparent waters. Edged by parasol pines, they are some of the most beautiful on the island.

You will also visit Bonifacio, the jewel of the far south of Corsica. A veritable fortress sculpted by the wind and the spray, the "sentinel city" will reveal its historical centre and its long cobbled streets.

Pristine nature, idyllic beaches, port cities, secret coves and rocky headlands: As *Le Ponant* sails along its coastline, Corsica will enchant you with the beauty of its contrasting landscapes.

An experienced diving monitor is on board during the cruise. Don't miss the opportunity to explore the underwater world, whether scuba diving or snorkelling.
