- 16 Vancouver (Canada)
Disembarkation 09/29/2019 at 08h00

YOUR CRUISE

In partnership with National Geographic Expeditions.

PONANT invites you to follow the steps of trappers and gold miners in Alaska, during a 15-day expedition voyage aboard *L'Austral*.

From Nome to Vancouver, discover a remote territory still unknown and wild, landscape from wide spaces to gigantic glaciers, steep mountains, infinite tundra and glittering lacs.

During your trip, discover the unique wildlife at some of the sites that have marked the history of Alaska.

Your ship will first sail along the Bering Strait, before heading south to reach the lush lands of Dutch Harbor in the Aleutian Islands. During your Zodiac® outing in Geographic Harbor, you could get the chance to observe a few grizzlies on the prowl, roaming around the stunning landscapes of Katmai National Park.

Further east, succumb to the charms of Alaska's forests and discover the Tlingit village of Kake, where you might be lucky enough to spot some black bears.

Then, set off to meet the whales and other marine mammals in Alert Bay, in British Columbia, before making your way to Vancouver, your disembarkation port.

Subject to ice and weather conditions. The expedition highlights and itineraries described above illustrate possible experiences only and cannot be guaranteed.
