- 17 Ushuaia (Argentina)
Disembarkation 11/29/2019 at 07h00

YOUR CRUISE

In partnership with National Geographic Expeditions.

> [Discover the Antarctic with PONANT!](#)

PONANT brings you a 16-day itinerary between South America and the Antarctic Peninsula. An exceptional polar expedition cruise to discover the most beautiful sites of these southern lands.

You will set sail from the fascinating city of Ushuaia, which the Argentinians call *El fin del mundo* (the end of the world).

First, you will chart a course for the **Falkland Islands**, whose wild beauty and lush moors are sure to captivate you, before heading to **South Georgia**, its impressive glaciers and its black-sand beaches where large colonies of **king penguins** have taken up residence.

You will then circumnavigate **South Georgia**, a real highlight of your cruise. Most notably, you will discover the island's mysterious and wild West coast, and you could get the chance to disembark in the place where the British explorer Sir Ernest Shackleton landed before beginning his great trek across the island.

You will finally sail to the **White Continent**, realm of the unexpected. Weather and ice conditions permitting, this extreme environment where nature reigns supreme will reveal to you its most beautiful secrets through numerous discoveries.

Gentoo, Adelie and chinstrap penguins, humpback whales, seals and seabirds these are some of the encounters you will most likely have the chance to experience in the Antarctic Peninsula, creating indelible memories.

Each day, whether on land, aboard your ship or during a **Zodiac® outing**, you will be surrounded by a grandiose decor ranging from icebergs to ice floe and ancient glaciers.

For your comfort, PONANT accompanies you all along your journey and proposes flights packages from Paris. Please contact your travel adviser for information and bookings.

We are privileged guests in these extreme lands where we are at the mercy of weather and ice conditions. Landings on certain sites and the observation of certain wildlife cannot be guaranteed. They vary from day to day, making each PONANT cruise a unique experience. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while complying with the safety rules and instructions imposed by the IAATO.
