YOUR CRUISE

Come aboard Le Soléal for a 16 days, intercontinental expedition from Anadyr to Seward ! Alaska & Russia invite you to discover the origins of the world : a unique and sumptuous natural environment.

Discover Alaskan towns rich with historical vestiges from the time of the remarkable "Gold Rush", interspersing ports of calls with periods of navigation aboard L'Austral and excursions in Zodiac® dinghies to the heart of the fjords and landscapes that are out of this world.

Seward As the only Alaskan town to be located on the East coast of the Kenai Peninsula, Seward is a small picturesque city renowned for its exceptional natural beauty. Also known as the gateway to the magical Kenai Fjords National Park.

Imagine a natural island that is mostly mountainous and, for the rest of its landscapes, alternates between vast tundra plains and areas of great lakes, lagoons and cliffs. Welcome to Wrangel! Situated between the East Siberian Sea and the Chukchi Sea, the island is listed as a UNESCO World Heritage Site, the island is a rare, precious and very ancient ecosystem with unique vegetation that cannot be found elsewhere, as well as an exceptional fauna.

Nestled against mountains with peaks of up to 2,000 m, Provideniya is the gateway to the Chukotka Peninsula, a polar region as yet unknown to the general public, with striking landscapes and a primitive beauty like no other. Not far from there, Le Soléal will sail along the jagged coastline of the Peninsula to introduce you to islands with strange and mysterious names.
