YOUR CRUISE

Discover a new PONANT itinerary in the Mediterranean: step aboard the *Le Bougainville* for an unforgettable 10-day cruise between Greece and Italy.

After a first stop at Milos, nicknamed "the island of colours" due to its volcanic rock in shades of ochre, red and white, you will make your way to Gythio, near the Byzantine city of Mystras, listed with UNESCO.

The next day, your ship will drop anchor in Kalamata. Don't miss the chance to visit Ancient Messene, an ancient helot city whose walls are extremely well preserved.

In Pylos, discover the Palace of Nestor, one of the heroes of the Trojan War. Then, you will head to Reggio Calabria. Famous for its Belle Époque and Art Nouveau architecture, the city also offers an uninterrupted view over the Strait of Messina and the majestic Mount Etna.

You will visit Amalfi and its coast, which are magnificent UNESCO World Heritage Sites. Perched between sky and sea, Amalfi and the little villages hidden nearby present amazing landscapes.

Before disembarking, succumb to the charms of Tuscany with a final stop in Porto Santo Stefano. This pleasant coastal town boasts a rich historical heritage and an exceptional natural setting.
